

Therapeutic Touch Professional Associates presents

Moving Beyond the Basics:

Intermediate-Level Therapeutic Touch

SATURDAY & SUNDAY

FEBRUARY 27-28, 2010

9 am – 6 pm & 9 am – 4 pm

This workshop features a more intense exploration of the interface between the emotional and vital energy fields and will particularly deepen skills in working with the emotional field. Participants will learn to incorporate color and imagery into the healing process, as well as work more specifically with a variety of illnesses. Ample practice time will enhance the healer's ability to mobilize the body's energies for healing.

Prerequisites: A Basic Krieger-Kunz TT Workshop 6 months or more prior to this class.

Cathy Fanslow- Brunjes, RN, MA, CNS, QTTT was one of the first to learn Therapeutic Touch from Dolores Krieger and Dora Kunz. For over 30 years she has specialized in work with hospice patients and families. Cathy teaches all levels of TT and presents nationally and internationally. She is a sensitive and skilled teacher.

Kathy Wilmering, MSW, ARNP, BC QTTT has studied for 15 years with Dolores Krieger and Dora Kunz. For over 28 years she has helped people heal chronic physical and mental health challenges and has presented her work across the U.S. and Canada. Kathy teaches with humor, compassion and clarity.
